

## CASE STUDY | Educational Academy

The mission of this innovative school (grades 1-12) is to provide extraordinary educational opportunities to children with language-based learning disabilities such as dyslexia, dysgraphia, and dyscalculia, utilizing research-based intervention strategies and an arts-based learning environment that is college preparatory in scope and sequence. The academy also is dedicated to developing a center for educational excellence and professional development to disseminate best practices to educators by providing access to the latest research-based curriculum, technology, and training.

This school is building a new facility that incorporates principles of small class size. The 320 square foot classrooms are designed to maintain a remarkable 12:1 students/teacher ratio. The school's priority was to create classrooms that were flexible and ergonomic using design-oriented value-added furnishings and services.

Vanerum Studio worked directly with the dealer, the A&D firm and the school to help the team visualize the specified products in various layouts within the space. We delivered renderings showcasing how Vanerum's product solutions could be applied in various classroom layouts. Vanerum provided a comprehensive pro-proposal including all the layouts, renderings and product spec sheets in the time frame requested by the dealer.

The design firm and school officials carefully selected products that would support their curriculum and a variety of teaching methods. Vanerum's Opti+ desk and chair, Airley chair and Acute desk made up the student zone furniture. The teacher zone incorporated the Ion desk for all grade levels. SchoolWorks mobile storage and Align modular casegoods provided specific solutions for storage needs.

# CASE STUDY | Educational Academy

## Products Specified: High School

- Opti+ .Be Desk & Chair
- Opti+ .Move Desk & Chair (Sit & Sit/Stand)
- Acute Half Round Table
- Ion Instructor Desk
- Schoolworks Low Cabinet w/ Drawer
- Schoolworks High Closed Cabinet
- Schoolworks Upper Cabinet
- Columnboard/Tackboard

# CASE STUDY | Educational Academy

## Products Specified: Elementary and Middle School

- Airley C Frame
- Acute Belly Trap Desk
- Ion Instructor Desk
- Schoolworks Low Cabinet w/ Drawer
- Schoolworks High Closed Cabinet
- Column board/Tackboard

The Elementary and Middle School classes feature a break out area where students can connect to the school's integrated network and the Internet.
